Conversation focused around SSCI business: the imminent departure of Chief Counsel Vicki Toensing, the probable move to the Chairmanship of the Armed Services Committee by SSCI Chairman Goldwater (and probable departure of Staff Director Rob Simmons), and the relationship of staffers Schmitt and Tom Blau to Senator Moynihan (deal first with Schmitt on all matters affecting Moynihan). Schmitt revealed that he thinks it likely that Senator Chaffee (R-RI) will succeed to the chairmanship of the SSCI.

A briefing was arranged for the two SSCI staffers for 0900 Friday morning, 20 Jan 84.

U.S. aircraft where possible. Schmitt also recommended that where possible priority should be given to facility visits and program briefings rather than interviews with foreign nationals. He reported also that the Senator found things in El Salvador probably a lost cause, in Honduras encouraging, and in Nicaragua reminiscent of a closed Marxist society.
